

# **GREEN CASTLE AERO CLUB, LTD**

## **MINUTES OF THE AUGUST 2, 2006, BOARD OF DIRECTORS MEETING**

President Rick Treiber called the meeting to order at 6:30 PM.

Other Board Members Present: Don Nelson, Bob Dunn, Jim Beeghly;  
Acting secretary Beeghly

Members and Guests Present: We had a couple dozen members and guests present. Apologies, but I did not get the names this evening.

Minutes for the July 19 meeting were read and discussed. Member Chuck Panzer pointed out that he had been at the July 19 meeting, though his name was not on the list. Lois Wood noted that Larry had put together The Beacon by himself and indicated that the July 19 minutes should be amended to indicate this. The minutes as amended were voted on and accepted.

### **OLD BUSINESS;**

Lottery: Dale Yoder claimed his lottery prize from last week and donated it to the scholarship fund. Tonight's name drawn was Doug Vranek, who was not present. His name will be placed on the website.

Citabria: The wing is well on its way to being recovered by Rick Treiber, Terry Koehn and Mike Burns.

Treasury: Cash flow is adequate. Our current bills are paid except for the most recent gasoline bill. We were fortunate in buying gas before the most recent round of price increases.

The Arrow has passed inspection. Duke says it is a good plane for the money. We await the final resolution of the rather Byzantine ownership clarifications. Once the present owners have clarified their title, we will purchase the plane.

### **NEW BUSINESS:**

There is a new flight examiner in Cedar Rapids. He is apparently willing to come down to Green Castle for exams. This could greatly simplify arranging future check rides for students and reduce the cost as well.

Bob moved with second by Don to adjourn. Motion carried. Meeting adjourned approximately 6:40 PM.
