Karo reported that John "Stearman" Butler's grandson, Trevor, was selected for the EAA Advanced Air Academy this last summer. He attended the session and had a great learning experience with other boys of his age (16-19). He's now a welder, rib-maker, fiberglass jockey, navigator, etc. He also got his first flight time in the EAA's RV-6, finished near the top of the class, and has been invited back next summer as a counselor. Trevor, who's from Albuquerque, New Mexico, will be entering college next year (possibly Texas A&M or Colorado) and will study aeronautical engineering.

Bob Dunn still has some concert VHS tapes (they're in the office with Don/Terry) but is out of DVDs. Bob can order more DVDs, so if anyone wants one, please contact Bob/Don/Terry.

BOB moved with second by Terry to adjourn. Vote taken; motion carried. Adjourned at 6:41 p.m.
