### OLD BUSINESS:

1. Mike Burns has the Ercoupe just about done (a little paint and it will be ready to fly).
2. Treasury Report. Don said that there's been very little flying over the last 30 days due to poor weather ("Easy" button got whacked three times) but a few dues are still coming in.
3. Don reported that during the Skyhawk's annual, Duke found that the crank is bad and the case won't pass inspection and must be replaced (estimated cost \$8000-\$9000). The plane will be grounded at least another month.
4. Scholarship. Chair Jim Beeghly reported that our website is up-to-date with the announcement of the Bill Kimble Flight Scholarship and that we're now accepting applications (none received so far but Jim said we don't usually get many until around the deadline (March 31, 2007)). Bob said he knows of someone who's going to apply. Jim also said that announcements have been sent to both local EAA chapters as well as to the Iowa City Aero Hawks. As we did last year, we will pass out flyers to attendees of the AOPA Air Safety Foundation seminar ("Say It Right! Radio Communication in Today's Airspace") that will be held Tuesday, March 6, 2007, at Kirkwood Community College, Iowa Hall.

Bob moved with second by Jim that the meeting be adjourned. Vote taken; Motion carried. Meeting adjourned at 6:50 p.m.
