Minutes for the June 3, 2009 meeting were not available this evening. It was agreed by acclamation to dispense with reading of the minutes tonight

OLD BUSINESS;

1. The new scholarship student, Wyatt Hagen, has contacted Terry and has started flying. We have not heard back from last year's scholarship student on how he did with the written test.
2. N9832G Skyhawk attempts to recover loss: We have had no response from the pilot. We have filed in Small Claims Court and are awaiting a date.
3. Treasury: All our major bills except the gasoline bill are current. Several members have responded to requests to build up their credit to tide the club over. Dues are coming up next month. More people are flying now that the weather has improved some.

NEW BUSINESS:

1. Thanks to Bob Dunn for donating the proceeds from intartia he has created and sold - \$150 total - to the Scholarship Fund.
2. Thanks to Nick Hoffman for coming back to help out with instruction while Terry has been away this past week. We have kept Nick pretty busy.
3. Tim Scheer presented an idea for creating a brief video to advertise Green Castle and getting it on TV. The idea was discussed extensively but no specific motion was made at this meeting.

Meeting adjourned at 7:00 PM. Moved by Dunn. Seconded by Beeghly
